LIGHTS. PRECISION. SAFETY

Dear valued customers,

We are delighted to launch TYC Europe new 2016 lighting catalogue. This is a complete guide to our full range of ECE certified Automotive Lighting product. In this new edition of catalogue, we have added more than 300 newly developed items of all type of automotive lighting and lighting accessories. Also, we have made some layout revisions to make the catalogue easier to read so to obtain product data and information in a much easier way.

Each year, we select the most important and most expected items from the market as new developing items based on reliable third party data and our own research. This enables us to fulfill the much diversified demand of European market.

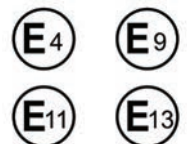

Due to the fact of TYC being also an OE automotive lighting manufacturer which the production generates almost a quarter of its global revenue of US\$605 Million, the quality of our ECE certified aftermarket products are benefited from this manufacturing ability by going through the same OE standards of new product development cycle and testing criteria. This is one of the reasons that TYC has gained a better reputation of its product quality than other players in the market.

We thank you for your choices of TYC product as your main automotive lighting business. We constantly strive to have continuous improvement on both our product quality and range.

Yours sincerely,

Angie Wu
Managing Director
TYC Europe B. V.

TYC Europe B.V. represents TYC Brother Industrial Co., LTD in the European and North Africa markets as a sales, marketing and logistic center that covers 33 countries throughout the regions. Apart from this, we also serve as a logistic hub of OE parts to the European car manufactures for TYC Group. From our location in the Netherlands, we distribute our products in truck, in pallet, and in parcel, mostly within 24 hours. We customize shipments if required by customers, and we assure you a high fill-rate exceeding 95%. Our international team gives you technical support and assistance in special requests, in most cases in your own language. We continuously provide update of product data and information through TecDoc and E-catalogue on our website. We focus on building long term and stable business relationships in the markets we dedicate. As a manufacturer with substantial years of experience in the European market, we not only bring high quality products but also provide first hand and comprehensive services in beyond customer expectations.
