LED Side Cab Light Bars

AnzoUSA™ is the answer for all of your performance lighting needs. With over 35 years of manufacturing experience, we surpass our competition in quality, innovative styling and product offerings. We are dedicated to providing great service and superior customer support through an experienced sales team and a knowledgeable technical staff. **AnzoUSA™** offers the absolute best quality performance lighting products at an affordable cost. All **AnzoUSA™** products are **SAE and D.O.T. compliant to FMVSS No.108; and manufactured in our state-of-the-art ISO 9002 and QS 9000 quality certified factory.** Our lighting products are designed using CAD/CAM computerized equipment and these modern designs are then tested using a 3-dimensional testing machine to insure precision and accuracy in the research, development and design of our molds. In order to affirm resilience and durability, we rigorously test every **AnzoUSA™** lighting product in a Thermo-Hygrometer (temperature and humidity chamber) and a Rain-Resistant Tester. In addition, we thoroughly expose all of our products to intense photometric testing to assure strict compliance with local, state, federal and international standards. Our products go through strict testing for durability, impact strength, as well as fresh/salt water, dust/dirt resistance. In order to comply with safety regulations, all **AnzoUSA™** products must pass all quality inspections. After all safety checks and quality assurance, products are manufactured using the most advanced technological and economical methods available. Single, double, and triple shot injection machines produce our semi-finished products. After undergoing vacuum electro-plating or spray plating processes, products are combined through hot press bonding, friction bonding, or an automatic assembly line spin coater. **Every AnzoUSA™ product is backed by a ONE YEAR WARRANTY and our RUGGED VISION is backed by a LIFETIME LIMITED WARRANTY.** With over three decades of professional manufacturing experience and with ISO 9002 and German T.U.V quality certification, **AnzoUSA™** has made itself a powerful competitor and the leading brand in the world market. We strive to persistently meet ever-changing design specifications and needs; flexible, real-time service and preserving customer satisfaction. With our economical, pragmatic, and solid management, **AnzoUSA™** looks forward to building a bright future with our valued customers!

AnzoUSA™ performance automotive lighting products combine the cutting-edge in lighting technology and the O.E. quality that has consistently made us the first choice in aftermarket performance lighting around the world. From high performance lighting that improves driver safety, to lighting designed to enhance the style of your vehicle, **AnzoUSA™** offers automotive performance lighting that will improve your driving experience. The purpose of the lighting system of a motor vehicle is to provide illumination for the driver to operate the vehicle safely after dark, to increase the visibility of the vehicle, and to display information about the vehicle's presence, position, size, direction of travel, and driver's intentions regarding direction and speed of travel. This is important particularly during twilight conditions, at night and in poor weather conditions, lighting is a critical safety factor. For this reason, drivers should always insure that their vehicle's lighting system is working properly. **AnzoUSA™** manufactures performance lighting products for every type of vehicle and requirement, the optimal in lighting and up to 30% improved illumination of the road. These factors are sure to bring more safety to your driving experience. As the need for higher performance and ever-evolving technologies are coming to the forefront within automotive lighting, **AnzoUSA™** performance lighting products provide safer and more comfortable lighting as well as more attractive designs to stylize your vehicle and customize your ride. To insure safety, the quality of design and materials, all **AnzoUSA™** products are **D.O.T and SAE compliant to FMVSS-108**. What does this all mean to you as the consumer? It means that you can take comfort in knowing that our products are 100% street legal and compliant with all local, state and federal regulations.

FMVSS-108 (Federal Motor Vehicle Safety Standard 108) regulates all automotive lighting, signaling and reflective devices in the United States. Like all other Federal Motor Vehicle Safety Standards, **FMVSS 108** is administered by the United States Department of Transportation's National Highway Traffic Safety Administration. The scope of these standards specifies requirements for original and replacement lamps, reflective devices, and associated equipment. Since the invention of the automobile, lighting has been an important subsystem on all ground vehicles. Automotive lighting is vital to passenger safety, comfort and vehicle styling. The technology used in automotive lighting is rapidly expanding to make the lighting more value added, safer and pleasing to consumers. **AnzoUSA™** is leading the way . . . Don't Get Left In The **Dark!**
