OFF ROAD**

Xanatos

With over a decade of experience servicing the automotive industry,

Xanatos Automotive has established itself as an industry leader in the high performance and off-road market, through our diverse quality product lines and caring customer service department. We've grown over the years from a small local auto parts wholesaler to a respected manufacturer and distributor, with worldwide recognition.

We have always maintained a sharp focus on making improvements wherever possible, not just expanding but continually training and educating our customer service staff, sales representatives, and improving our delivery fleet so that we not only meet, but continually exceed our customer's expectations.

In order to satisfy our customers' demands as well as stay one step ahead of the competition, we continuously add new products as well as whole product lines. It all began with the establishment of Kasei, our lighting division, in 1997. This brand established our commitment to quality through our extremely diverse array of headlights, taillights, and fog lights.

In 2003, Xanatos launched Black Horse Off Road, which has become a powerhouse brand, consisting of the highest quality stainless steel and black powder coated truck and SUV paraphernalia. This brand has shot to the top of the industry through quality, dependability, competitive pricing, and a lifetime guarantee. At the same year, City Automotive was acquired, further diversifying our line of accessories, which now includes our new line of rainguards.

In 2005, a new line was launched, Zunden, which includes chrome trimming for a multitude of applications. One year later, another brand was introduced; Spark, with a full line of halogen bulbs, miniature bulbs, and HID systems.

Our R&D group has continually strived to improve and develop new and innovative products, which has brought us to a very exciting year for us in 2008, as we prepare to launch our latest brand, Armour Off Road, which will consist of a full line of Class I and II hitch receivers.

We would like to sincerely thank you for choosing us as your business partner. We will always stand behind our products and are committed to exceeding your expectation

Black Horse Off Road

Grill guards, Bull Bars, and Front Runners provide customized protection for the front end of your truck or SUV. Each one of our fully contoured guards is designed specifically to fit the unique design of every vehicle. Our high quality, meticulously constructed product line is sure to not only meet, but exceed your off-road demands every time.

Our Nerf Bars add a bit more functionality to your vehicle by offering you easier ingress and egress as well as access to the roof. Constructed of T-304 Stainless steel or Black Powder coated steel, you are protected against rust and corrosion. Our Tail Light Guards and Rear Bumper Guards are made of the same high quality materials, and are designed to both complement the look of your Front Runner, Bull, or Push bars as well as offer protection for the rear end of your vehicle.

BULL BAR

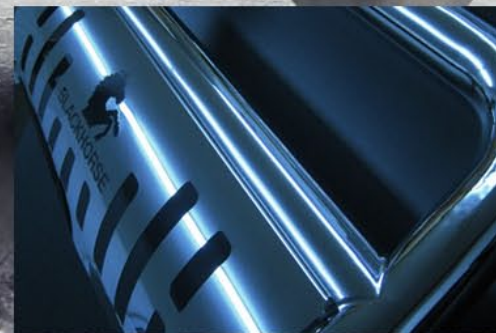

Black Horse Off Road's Bull Bars offer a unique, rugged look to your truck or SUV. Custom designed to fit each individual vehicle perfectly, these bars imbue your vehicle with a sporty look as well as provide enhanced front end protection. Constructed of heavy duty 3"/2.5" T-304 Grade stainless steel, these beautifully polished bars will fend off the elements, terrain or anything nature has to throw at you.

3"/2.5" diameter heavy duty tubing, available in stainless steel or black powder coated finish over mild steel.

Pre-drilled holes for optional auxiliary lights.

Our primer-coat process gives us the industry's most effective protection against corrosion and rust resistance.

Skid Plate adds additional protection to your vehicle.

BULL BAR (with / without skid plate)

BULL BAR (with / without skid plate)

GRILLE GUARD

Our Grille Guards provide protection for the front bumper, headlights and grille of your truck or SUV. Contoured to specifically fit the fascia of each unique vehicle, these grille guards are made of the same high quality materials as all our products; so neither fit and finish, nor rust or corrosion will be an issue. Designed to utilize existing mounting points on your vehicle's chassis, installations are hassle free with no drilling required.

1.5" diameter steel hood guard required to certain application.

Headlight cage is removable.

Rubber extrusion for maximum protection to heavy duty or stainless steel uprights.

Pre-drilled holes for optional light installation.

Carefully milling for achieving the smoothest finish.

2004-11 NISSAN ARMADA with
Black Horse Off Road ® Grille Guard

2007-11 MERCEDES GL with Black Horse Off Road® Grille Guard

SAFARI BAR

Safari Bars add a sporty, tough look to your midsize truck or SUV. Our 2" diameter tubing features pre-drilled and capped holes for mounting auxiliary lighting to help complete your custom look. Available in T-304 Stainless Steel or Black Powder Coated finishes.

Capable of hosting up to 6" diameter auxiliary fog lights through the pre-drilled holes on the horizontal tube.

2" diameter heavy duty tubing, available in stainless steel or black powder coated finish over mild steel.

Our primer-coat process gives us the industry's most effective protection against corrosion and rust resistance.

Installs straight to the chassis using existing factory holes with no drilling or welding involved.

2002-08 CHEVY TRAILBLAZER

2008-10 NISSAN ROGUE

REAR BUMPER GUARD

Black Horse Off Road's Rear Bumper Guards are the perfect add-on for your truck or SUV. Providing better all around protection as well as a neat, customized look, these items are available in both our T-304 Grade Stainless Steel as well as Black Powder Coated Steel. With no cutting or drilling required, these items offer quick and easy installation.

Constructed of heavy duty black powder coated Steel or T-304 Grade Stainless Steel.

Our primer-coat process gives us the industry's most effective protection against corrosion and rust resistance.

Installs straight to the chassis with no drilling or welding involved.

2007-10 INFINITI FX35 with Black Horse Off Road® Rear Bumper guard

2010-11 GMC Terrain with Black Horse Off Road® Rear Bumper guard

2008-11 NISSAN ROGUE

2007-11 CHEVY TRAVERSE

2010 TOYOTA 4RUNNER

2006-11 MERCEDES ML with
Black Horse Off Road ® Nerf Bars

With 2 rods on each side step
for added support

1 1/4" diameter heavy duty rolling
available in stainless steel or black
powder coated finish over mild steel

Our primer coat process gives us
the industry's most effective protection
against corrosion and rust resistance

BLACK HORSE
OFF ROAD

NERF BAR/ SIDE STEP

Black Horse Off Road Side Step/Nerf Bars add a bit more functionality to your vehicle by offering you easier ingress and egress as well as access to the roof. Constructed of 1 1/4" stainless steel or Black Powder Coated steel, you are protected against rust and corrosion. Step pads with Black Horse logo are designed not to fade or crack. Bars are designed to be installed easily, with no drilling required.

Black Horse Off Road ®

Wide molded non-slip UV resistant step pads.

4" diameter and heavy-duty 16 gauge oval carbon steel tube.

Our primer-coat process gives us the industry's most effective protection against corrosion and rust resistance.

4" OVAL SIDE STEP

Black Horse Off Road 4" tube Oval Side Steps add a bit more functionality to your vehicle by offering you easier ingress and egress as well as access to the roof. Constructed of T-304 Stainless Steel or Black Powder Coated steel, you are protected against rust and corrosion. Step pads with Black Horse logo are designed not to fade or crack. Bars are designed to be installed easily, with no drilling required.

Constructed of heavy duty black powder coated Steel or T-304 Grade Stainless Steel.

Installs straight to the chassis with no drilling or welding involved.

NERF BAR/SIDE STEP

2009-11 FORD F150 with Black Horse Off Road ® Oval Side Step

TAIL LIGHT GUARD

Our Tail Light Guards are made of the same high quality materials as all our off-road products, and are designed to be the perfect complement to your Front Runner, Bull Bar or Grille Guard; as well as offer protection for the tail lights on your vehicle. Careful sanding achieves the smoothest finish and welds. Using existing mounting points within the tail lights ensure ease of installation.

Will help protect your valued tail lights while adding a sporty slick look to your SUV.

Installs straight to the vehicle's frame with no welding involved.

Our primer-coat process gives us the industry's most effective protection against corrosion and rust resistance.

2006-10 TOYOTA Rav4 with Black Horse Off Road® Tail Light Guards and Rear Bumper Guard.

KASEI LIGHTS

Kasei Lights have been distributing lighting for the aftermarket industry for over the last decade. We carry a wide variety of accessories for all your lighting needs. We stock all major brand names in lighting including Depo, Eagle Eyes, IPCW, Sonar, TYC and many more.

We carry projector headlights, LED and airtex style taillights, bumper lenses, corner lenses, and parking signals. We also have a number of other accessories such as headlight bulbs, fog lights and much much more.
