MOST POWERFUL LED PROJECTOR HEADLIGHTS IN THE INDUSTRY

D.O.T. SAE HL-09 COMPLIANT. MEETS FMVSS-108 AND CMVSS-108 REQUIREMENTS

SPECIFICATIONS:

Diode Count: 7 Cree LEDs
LED Power: 30 Watts
LED Color: White
Operating Voltage: 12-24V
Amperage: 1.95 Amps @ 12V / 24V
Color Temperature: 6000k
Housing Material: Aluminum Die Cast housing Providing maximum protection
Housing Color: Grey
Lens Color: Clear
Operating Temperature: 68°F - 140°F
Connector: Standard OEM H4 3 Blade Connector
Dimensions: 6" x 4" x 3 1/8"

**COMES IN RETAIL BOX FOR SLOT WALL**

FEATURES & BENEFITS:

- DOT Approved (DOT SAE HL-09)
- Meets FMVSS-108 AND CMVSS-108
- IP67 Water Proof
- 2400-2800 Effective Lumens
- Hard Coated Polycarbonate Lens
- Standard OEM Blade Connector
- Completely Sealed Electronics
- Most luminous in the industry
- Provides the greatest visibility
- Long lasting LEDs
- 7-Year Warranty

INSTALLATION

For the primary Red Stop, Turn & Tail color, use a standard 3 prong pigtail or 2 prong pigtail (depending on the model).

An extra male bullet plug is provided for the secondary White Back-Up color.

The Dual Lights are designed to have the white reverse function override the Red Stop, Turn & Tail function when in reverse; therefore it is recommended to have two standard Red Stop, Turn & Tail function Lights installed on the rear of the truck.
Adjacent is one of the many standard models designed to support the dual collection.
