LIGHTS. PRECISION. SAFETY

Dear valued customers,

We are delighted to launch TYC Europe new 2016 cooling products catalogue. This is a complete guide to our full range of Automotive Cooling products. In this new edition of catalogue, we have added more than 200 newly developed items of all type of automotive cooling fans, radiators and interior blowers.

Each year, we select important items from the market to develop based on reliable third party data and our own research. This enables us to fulfil the much diversified demand of the European market.

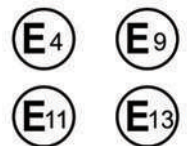

TYC being an OE automotive lighting manufacturer which generates almost a quarter of its global revenue of US\$605 Million from parts production, benefited the quality of our ECE certified aftermarket products from this manufacturing ability of going through the same OE standards of new product development cycle and testing criteria. This is one of the reasons that our products have gained a better reputation on quality among others in the market.

We thank you for choosing TYC product as your main automotive cooling products business. We constantly strive having continuous improvement on both our product quality and range.

Yours sincerely,

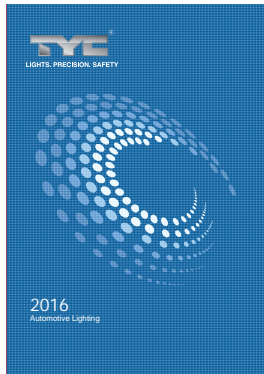

Angie Wu
Managing Director
TYC Europe B. V.

TYC Europe B.V. represents TYC Brother Industrial Co., LTD in the European and North Africa markets as a sales, marketing and logistic center that covers 33 countries throughout the regions. Apart from this, we also serve as a logistic hub of OE parts to the European car manufacturers for TYC Group. From our location in the Netherlands, we distribute our products in truck, in pallet, and in parcel, mostly within 24 hours. We customize shipments if required by customers, and we assure you a high fill-rate exceeding 95%. Our international team gives you technical support and assistance in special requests, in most cases in your own language. We continuously provide update of product data and information through TecDoc and E-catalogue on our website. We focus on building long term and stable business relationships in the markets we dedicate. As a manufacturer with substantial years of experience in the European market, we not only bring high quality products but also provide first hand and comprehensive services in beyond customer expectations.
